

Kuldeep Kumar

kuldeepkumar987320@gmail.com | +91 7011944357 | Noida, IN

PROFILE SUMMARY

Dedicated and enthusiastic BCA graduate with a strong foundation in Software Development, Web Technologies, and Database Management. Skilled in C#, ASP.NET, SQL Server, HTML, CSS, and JavaScript with hands-on experience in developing responsive web applications and implementing database operations. Passionate about learning new technologies, solving real-world problems, and building efficient software solutions. Seeking an entry-level Software Developer/.NET Developer role to contribute technical skills while gaining industry experience.

ACADEMIC

- Bachelor of Computer Application (BCA) | CCS University (CCSU), Meerut, IN | 66.72% | 2026
- Higher Secondary Education in Science & Mathematics | UP Board, IN | 67% | 2023
- Secondary Education in Science & Mathematics | UP Board, IN | 72% | 2021

SKILLS

Programming Languages: C#, JavaScript

Web Technologies: HTML, CSS, ASP.NET, Responsive Web Design

Database Technologies: SQL Server, CRUD Operations, Stored Procedures, Database Design

Development Tools: Visual Studio, Visual Studio Code, SQL Server Management Studio (SSMS), Git, GitHub

Core Concepts: Object-Oriented Programming (OOP), Exception Handling, Data Structures Fundamentals, DOM Manipulation

PROJECTS

Amazon Clone Website

Technologies: HTML5, CSS3, Visual Studio Code

- Designed and developed a responsive e-commerce website inspired by Amazon using HTML5 and CSS3.
- Created user-friendly webpage layouts including navigation bar, product showcase sections, shopping interface, and footer components.
- Implemented modern CSS techniques such as Flexbox for responsive page structure and alignment.
- Enhanced frontend development skills by following industry-standard web design practices.
- Improved understanding of responsive layouts, UI design principles, and cross-browser compatibility.

Calculator Web Application

Technologies: HTML5, CSS3, JavaScript, Visual Studio Code

- Developed an interactive web-based calculator capable of performing basic arithmetic operations.
- Implemented dynamic functionality using JavaScript event handling and DOM manipulation techniques.
- Designed a clean, responsive, and user-friendly interface using HTML5 and CSS3.
- Applied JavaScript functions and logical operations to ensure accurate calculations and smooth user interactions.
- Strengthened practical knowledge of frontend development and client-side scripting.

TECHNICAL STRENGTHS

- Strong understanding of C# Programming and Object-Oriented Programming (OOP) concepts.
- Knowledge of SQL Server database management, CRUD operations, and query writing.
- Ability to develop responsive web applications using HTML, CSS, and JavaScript.
- Familiarity with Git and GitHub for version control and project management.
- Quick learner with strong problem-solving and analytical skills.
